This map provides an overview of the Regiment Blindé munitions depot and surrounding IDP camps in the Mpiila district of Brazzaville, Congo. A distance buffer of 1km from the center of the blast zone has been placed for reference, and to highlight the thousands of residential buildings in the immediate vicinity that have likely been severely impacted by this disaster. This is a preliminary analysis & has not yet been validated in the field. Please send ground feedback to UNITAR / UNOSAT.
