Overview of Emsaed, Libya-Egypt Border Crossing Facility: 26 February 2011 - 2:01 PM Local Time

ANALYSIS SUMMARY: Based on a rapid assessment of satellite imagery recorded (26 Feb. 2011 - 02:01 pm local time) over border crossing facility along the Libyan-Egyptian border. There are busses and small vehicles waiting to move beyond the border into Egypt. There are no indications of emergency tent shelters available within the facility grounds. This report is part of an on-going satellite monitoring program of UNITAR/UNOSAT of the Libyan crisis and will be updated based on new satellite imagery tasking. Please send feedback to contact information below.
