This map illustrates satellite-detected shelters and other buildings at the Mbera refugee camp in Southern Eastern Mauritania. As of 14 August 2015, a total of 11,327 shelters were detected, consisting of 497 administrative buildings, 2,968 improvised shelters and 7,362 tent shelters. The camp covers a total area of approximately 715.91 hectares. A variety of clinics, nutrition centers, schools, and other important features are also identified on the map, and based on information from UNHCR. This is a preliminary analysis and has not yet been validated in the field. Please send ground feedback to UNITAR - UNOSAT.
