Displaced Persons Shelters in Dalakaleri, Nigeria

This map illustrates satellite-detected displaced persons shelters in the Muna settlement near Dalakaleri, Nigeria, 6 km east of Maidugur’s city on the main road that connect Maidugur to Dikwa. UNITAR-UNOSAT analysis of satellite imagery acquired 5 September 2016 revealed a total of 2,597 shelters and 22 infrastructure and support buildings within the Muna compound. In addition there are 203 detected shelters outside the settlement, grouped across the road. Finally, as of 5 September 2016 there are 120 newly constructed shelters arranged in five rows in the norther part of the Muna compound. This is a preliminary analysis and has not yet been validated in the field. Please send ground feedback to UNITAR - UNOSAT.

Legend

- Camp infrastructure building
- Shelter structure
- Primary road
- Local road
- Muna settlement extent

Map Scale for A3: 1:5,000
