Damage Assessment of Alibago village and surroundings

This map illustrates satellite-detected potentially damaged buildings in Alibago village, Enrile Municipality, Cagayan Province, Philippines. The UNITAR-UNOSAT analysis used a Pleiades satellite image acquired on the 25 October 2016 as a post-image. The UNITAR-UNOSAT analysis identified 303 potentially damaged structures inside the village of Alibago. The depiction and use of village locations acquired from OSM, are not warranted to be error-free nor do they imply official endorsement or acceptance by the United Nations. This is a preliminary analysis and has not yet been validated in the field. Please send ground feedback to UNITAR - UNOSAT.
