This map illustrates the area of the Mandhloro medical clinic as of 18 October 2013 using an image collected by the Pleiades satellite. It presents the site of a medical clinic and main roads in a radius of approximately 1.5 km around the clinic position. Mandhloro lies approximately 260 km south of the capital of Zimbabwe, Harare. Note that Mandhloro is about 14 km southeast of Bvukururu and 21 km east of Ndanga, where other clinics are located. This is a preliminary analysis & has not yet been validated in the field. Please send ground feedback to UNITAR / UNOSAT.
